

Guidelines for Accepting New MNC FB Group Members

1. Click on “request to join MNC”.
2. One at a time, click on names of people asking to join. Do NOT add them as a friend.
3. On their profile page, check:
 1. Do they live locally?
 2. Do they have other friends in MNC?
 3. Did they go to any local schools?
 4. Are they members of any local groups, eg Seahawks, Secret Bremerton, Kitsap Sun, etc?
 5. Have they “checked in” at any local/state places or events?
 6. If yes, accept their request
4. If their profile page shows the following, “ignore” their request
 1. All foreign groups or friends
 2. Obvious sock puppet signs: fake profile photos, gender on photo doesn’t match gender on profile
 3. No local friends, check-ins, groups, or profile information indicating local/state residence
5. If in doubt, send them a FB message asking them to confirm where they live or how they know about MNC. Many of our group members grew up in, or lived in the neighborhood and now live elsewhere.
6. Are we accepting group members who are obviously children?
7. What about accepting group members who are added by existing members, but show no links to the neighborhood?
